CLEAN BUS by TURTLETOP

Using Nano-silver to reduce contamination in upholstery material.

Turtle Top has taken the lead in offering the latest in clean bus technology. A CLEAN BUS includes these options:

- Level four Dimensions Nanocide vinyl seating
- Nanocide Miracle wall and ceiling vinyl
- Antimicrobial Altro flooring
- Antimicrobial stanchion pole and guard rail safety pad foam

- Nanocide Antimicrobial is found in:
- Hospitals
 - Health Care Industries
 - Assisted Living
 - Hotels
 - Restaurants
 - Public Areas
 - Stadiums
 - Auditoriums
 - Mass Transit
 - Sports & Fitness Facilities

- Nanocide suppresses:
- Mold
 - Algae growth and proliferation
 - Mildew
 - Fungi and bacteria growth
 - Unpleasant odors
 - Stains
 - Deterioration

The key is silver oxide, an antimicrobial. Exhibiting a polar charge, the silver creates an ion field on the surface of the material.

The bacteria exchanges ions with the silver oxide upon contact with the material, in turn ripping open the cell wall that actively inhibits bacterial growth and shows a 99% reduction in test microbes and common bacteria. *

Nanocide silver oxide particles are so small it is much easier to get a greater amount of them versus bacteria.

Nano protected fabrics

Woven Cloth Colors

- Cracked Ice Blue
- Pinwheel Multi Blue
- Pinwheel Blue
- Cracked Ice Gray
- Pinwheel Multi Gray
- Pinwheel Gray

Vinyl Colors

- Pearl
- Buff
- Late Evening
- Fresh Leaf
- Charcoal
- Merlot

Dimensions Vinyl with Nanocide uses a patent-pending process to permanently embed nanoscale particles from an EPA registered, Oeko-Tex approved supplier, into the material during the manufacturing process.

Silver is a natural antimicrobial. Microbes & fungi cannot survive in the presence of silver ions. Silver enhanced antimicrobial products actively inhibit bacterial growth and show a 99.9% reduction in test microbes and common bacteria. *

*Efficacy data are presented solely to substantiate the antimicrobial activity of silver additives from non-public health applications.

CONSTRUCTION

- ◇ Strongest floor in the industry starts with G-channel cross members that stretch from wall to wall
- ◇ Full perimeter frame completes floor to stand up to years of performance.
- ◇ Center aisle stiffeners consisting of reverse cap steel C-channel prevent aisle sagging after years of operation
- ◇ Seat tracks mounted on reverse cap steel C-channels have been tested and certified to exceed DOT Standards
- ◇ Steel corner window gussets add perimeter sidewall strength
- ◇ Fully-primed roll cage is painted before construction begins
- ◇ Huber Industrial Panel® floor is secured with adhesive and mechanical fasteners for no squeaks or movement
- ◇ Sidewalls and ceiling insulated by closed-cell stiff foam board

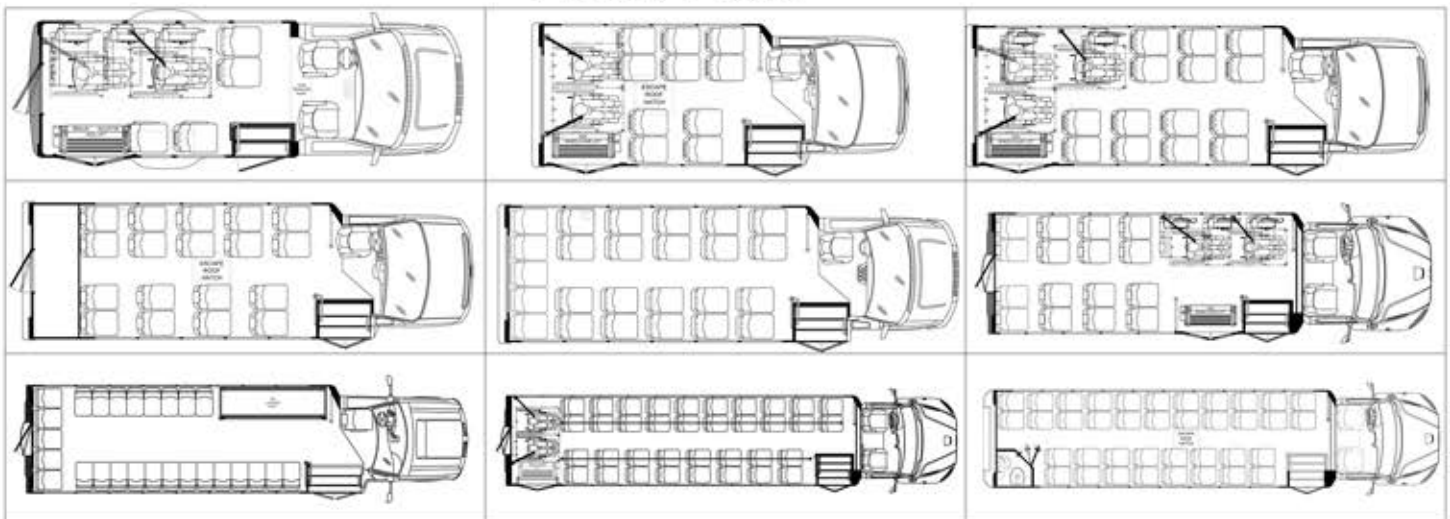

FEATURES

- ◇ Flexible Floor Plans
- ◇ Customizable Features
- ◇ Restroom Packages
- ◇ Wet Bar Options
- ◇ Large Aisle Width
- ◇ TV Packages
- ◇ Steel Roll Cage with Full Perimeter Floor
- ◇ Industry-leading body and air conditioner warranty
- ◇ Up to 38 Passengers

SPECIFICATIONS

	Van Terra	Odyssey	Odyssey XL	Odyssey XLT
Floor Length	Up To 176"	Up To 255"	Up to 349"	Up to 420"
GVWR	Up to 14,500	Up To 14,500	Up to 26,000	33,000
